

StoreFront Product Stand Shelf Rack Assembly Instructions

NOTE: Ensure part labels match

1. Begin building the center of the base by installing the corner pieces on each end of the center base pole.

2. Complete the base assembly by adding the two poles with curved ends.

3. Extend the bungeed vertical poles and attach them to the base.

4. Attach the shelf brackets to the keyholes in the vertical poles.

5. Set the shelves on top of the brackets so the magnets snap onto the brackets.

5. Install the angled top after the shelves are installed. Evenly press on both ends during installation.

Assembly is the same for any size StoreFront Shelf Rack.

DISASSEMBLY

Take the display apart in reverse assembly order. If it is difficult to disassemble the base, place feet as shown above. Pull up at both ends of pole 2 to remove pole 1. Pull with even pressure. Flip the part and repeat to remove tube 3.

NOTE: Ensure part labels match

1. Begin building the center of the base by installing the corner pieces on each end of the center base pole.

2. Complete the base assembly by adding the two poles with curved ends.

3. Extend the bungeed poles and attach them to the base.

5. Install the angled top. Evenly press on both ends during installation.

6. Pull the graphic over the frame. Pull the zipper end down around the bottom pole and zip it closed.

INTERLOCKING FRAMES

A. To interlock frames, remove one curved pole from one frame base.

B. Reattach the curved pole through the second frame's base.
